

Operation Street Smart

Drug trends are always changing. Stay current.

In the past year, a record number of Ohioans died of drug overdoses, placing Ohio among the top 10 states with the highest number of ODs. Children and young adults make up a significant percentage of these deaths, and eight people a day—one nearly every three hours—become a victim to Ohio’s drug epidemic. These are your sons, your daughters, your students, your clients, your neighbors and your loved ones. Are you missing the warning signs that could help save their lives?

Operation Street Smart will help you:

- Catch up on current drug trends, terms, paraphernalia and the warning signs of drug use
- Hear first-hand from undercover narcotics officers about what drugs are out there, what they look like and how some common household products are being used as drugs
- Discover ways to help our kids make the right choices

■ Wednesday, February 15, 2017

■ 9 a.m.–3 p.m.

■ The Ohio Union, U.S. Bank Conference Theater, The Ohio State University

■ Six CEUs available

■ \$100 per person* (light breakfast included)

■ Presented by the Franklin County Sheriff’s Office Special Investigation Unit
