Field Agency
Information Guide
Potential Field Agency,

We welcome your interest in our field practicum program for social work students. Students are placed in over 700 settings throughout Ohio under the instruction of experienced, trained social workers. The curriculum provides educationally focused goals and objectives to guide the development of the practicum experience in each setting. A field liaison is appointed to provide academic support to the agency based field instructor. Student placements are made through a formal referral and pre-placement interview process which allows negotiation of arrangements and expectations prior to placement confirmation.

In evaluating settings there are two primary concerns: quality social work supervision and appropriately, structured learning experiences. A successful practicum requires both time and professional commitment. Please keep these issues in mind as you design the practicum in your agency. In order to become a field practicum site, agencies, are asked to submit the Field Agency Application. The Field Agency Application packet includes:

**Online Application:** The application, to become a field agency can be completed on our website, will ask you to provide specific information about your field agency. Information such as: fields of practice, learning opportunities, requirements for placement, schedule preferences, and other pertinent information.

**Affiliation Agreement:** This is a proposed agreement submitted for your approval. You may fill in the requested information and arrange for the appropriate authorizing signature, or you may submit an addendum with your revisions for our review. Please mail, fax, or scan/email the affiliation agreement to our office when you secure the authorizing signature.

Should you have any questions, please do not hesitate to contact me at 614-292-7686.

Sincerely,

SELECTION OF SETTINGS FOR FIELD PLACEMENT

Human service settings throughout Ohio serve as field placement sites. Potential settings may be identified through the following process:
1. Office of Field Education may initiate contact with the agency soliciting affiliation;
2. Agencies may initiate contact directly with the Office of Field Education; or
3. Students may recommend potential settings to the Field Placement Coordinator.

Criteria for Selection of Field Practicum Settings

The following criteria must be met in order for an agency to qualify as a field placement setting:
- The setting's philosophy of service is compatible with the values and ethics of the social work profession.
- There is clarity in the setting regarding its programs and methods.
- The setting qualifies for membership in standard setting bodies, national and local, appropriate to its field or appropriate governmental agencies.
- The agency has a defined and active role in the community and participates in local and regional planning in its field.
- The administrator and staff demonstrate a conviction for professional education and accept the objectives and educational focus of the program of field instruction.
- The staff is large enough and so deployed that the basic program of the setting is maintained and developed without reliance on students. This does not preclude enhancement of the basic program through student activity.
- The social service department of an institution such as a hospital, court, or school, is an integral part of the program of the institution, both in philosophy and the structural organization of service.
- The volume and flow of the program offers students a fairly wide range of learning opportunities commensurate with the college objectives for field practicum. Where a setting is deficient, arrangements can be made with the practicum director and field liaison for complimentary learning experiences in another setting.
- The setting attempts to make available suitable desk space, telephones, word processing facilities, supplies, transportation costs, clerical services, and program space for the student. The availability of a qualified field instructor is essential. The relationship between this person (s) and the field liaison is established to maximize student learning.
- The agency is willing to risk involving students in appropriate responsibilities for practice through clearly defined tasks.
- Sound personnel policies and practices are evidenced.

NOTE: With some modification based on current directions at The Ohio State University, College of Social Work, these guidelines have been drawn from; Manual of Accreditation Standards, Council on Social Work Education.
PROCEDURE FOR ESTABLISHING NEW FIELD PRACTICUM SITES

The following procedure will be used in the determination of a new field practicum site:

1. Field Education Department receives Field Agency Application & Affiliation Agreement.

2. Agency will be contacted by the Field Education Department to schedule a site visit with agency personnel.

3. Site Visit
   A. Review Information Packet
      1. Selection of settings for field placement
      2. Field education roles
      3. Responsibilities of field instructor
      4. Criteria for selection of field instructors
      5. Student activities in field
      6. Field placement hours and supervision
      7. Field policies
      8. Agency Perks
   B. Determine potential student learning assignments and appropriate volume of assignments.
   C. Review potential field instructor/task instructor
   D. Answer any outstanding questions
   E. Tour Agency and identify space/equipment for student

4. Approval or Denial Notification Sent (via email)

5. If denied, agency will be contacted with reasons for denial and steps that can be taken to get approved.

6. If approved, agency and field instructors will be provided with log in credentials to the field placement database.

7. Agency education coordinators, field instructors and task instructors will register for the Field Instruction Training.
FIELD EDUCATION ROLES

Field Placement Coordinator: A school based staff member assigned to locate field placement opportunities for students. The Field Placement Coordinator will contact agency based education coordinator and/or field instructors to determine if the specific agency is willing to accept social work students.

Education Coordinator: An agency-based individual designated by the agency executive who represents the agency as the central administrative contact and assumes the following responsibilities:
• Prepares, updates and processes all evaluations of setting documents including the affiliation agreement.
• Determines the number and rank of students to be requested.
• Facilitates the pre-placement screening process.
• Confirms the acceptance or rejection of referred students.
• Recommends potential field instructors.
• Channels communication from College to field instructors and actively participates in problem-solving/mediation between students and field instructors.
• Informs practicum director of all changes impacting students.
• Oversees the orientation of students to the entire agency.

Field Instructor: A social work practitioner employed by an agency who serves as the student’s field supervisor on a voluntary (unpaid) basis. This individual is primarily responsible for the education of student field experience.

Task Instructor: An agency-based individual who does not hold a practice degree in social work (BSSW or MSW) but may be responsible for social work related activities at the agency. This individual would fulfill a secondary role to be responsible for learning objectives, evaluations, and overseeing other activities related to student field experience.

Co-Instructor: An approved, experienced MSW degreed professional who co-instructs and serves as primary field instructor with the task instructor to ensure that the requirements for social work supervision are met. The use of co-instruction has historically been significant in the development of non-traditional field settings and allows for the use of the practicum site in the absence of an experienced BSSW or MSW degreed practitioner.

Field Liaison: A school-based faculty/staff member or contracted community professional assigned to assist students and field instructors in obtaining and maintaining quality learning experiences in field practicum.
CRITERIA FOR SELECTION OF FIELD INSTRUCTORS

Potential field instructors in approved settings may be identified according to the following approaches:

1. The agency representative may recommend to the college the names of social workers who appear to meet the criteria for appointment as field instructors.
2. The college may suggest to the agency names of social workers who appear to meet the criteria.
3. An agency social worker who is interested in being a field instructor may request consideration through the education coordinator of the field agency.

The MSW degree is the minimum degree for supervision of a graduate student. In addition, the potential field instructor must have:

- At least two years, post degree experience in social work;
- Sufficient experience within the setting to permit familiarity with program and opportunities for student learning.
- An interest and ability to teach, communicate knowledge, and stimulate student self-development
- Flexibility to allow unique individual development
- The development of learning experiences consistent with educational objectives.
- An orientation towards learning rather than task performance.
- Sound knowledge of at least one area of social work practice.
- Knowledge of community social welfare structure and the utilization of community resources as an adjunct to or alternative to program and service, as well as a means of influencing change in delivery of human services.
- Understanding, acceptance, and willingness to implement the philosophy and objectives of the college as well as assumption of responsibility for contributing ideas and thinking toward strengthening the educational experience in the classroom and the field.
- Sufficient time allocation by the setting as well as management of time by the individual to carry out instructional responsibilities including - availability and accessibility to student, regularly planned conferences with student, written evaluative summaries of student’s performance, planned conferences with the field liaison.
- Professional identification through organizational affiliation.
- Knowledge of current trends in social work and social welfare.
RESPONSIBILITIES OF FIELD & TASK INSTRUCTORS

1. Confirm field start date and agency pre-placement requirements such as background information check and immunizations with student prior to the beginning of placement.

2. Become familiar with Field Practicum Course Syllabus and Performance Evaluation and review with the student when developing the Learning Agreement with the student.

3. Assist student in designing, negotiating and implementing a wide range of field learning experiences in line with:
   a. Expectations of the College of Social Work and practicum setting.
   b. Expectations of the Field Practicum Course Syllabus.
   c. Student individual needs and objectives.

4. Help student become familiar with and utilize resources within the agency as well as the larger social welfare system.

5. Meet with the student for at least one hourly weekly planned supervision to engage in continuing mutual educational assessment.

6. Submit all required documentation:
   a. Learning Agreement/Evaluation: The learning agreement details the educational goals for the student’s learning within the field placement. Completed by the student and the field instructor.
   b. Supervision Log: The supervision log allows the student to record what was discussed in weekly supervision. Completed by the student and signed by the field instructor.
   c. Time Sheet: The time sheet allows the student to record hours in field. Completed by the student and signed by the field instructor.

7. Recommend an appropriate well documented grade on the evaluation by deadlines set in the Field Calendar.

8. Communicate on a continuing basis with field liaison regarding student’s performance and meet with field liaison in agency at least once per semester.

9. Develop a relationship with student that will provide a climate of reciprocal learning.

10. Encourage maximum student activity and creativity within educational sound limits.

11. Provide student ready accessibility to self or support staff.

12. Act as a primary role model of a professional practitioner.

IMPORTANT FIELD POLICIES

Field Hours Policy

The College of Social Work at The Ohio State University requires all students complete field practicum hours. The field instructor and student are responsible to track field hours by utilizing the Time Sheet on the Field Placement Database. Field instructors are to be informed of all absences and any time missed must be made up to the satisfaction of the field instructor, field liaison and College of Social Work requirements.

Below are the field hour requirements for each program:

** MSWI Students are required to enroll in Preparing for Field Preparation course AU Semester. MSWI students will not begin in agencies until Spring semester.

Additional Information & Special Conditions

The University is closed and the agency is open on a scheduled field placement day:
- Students are not required to attend field on days the when the University is closed.
  - If the student chooses to go into the field placement, the student will receive credit for the field hours worked. (i.e., if the student worked 4 hours on this day, the student will receive credit for 4 field hours only).
  - If the student chooses NOT to go into the field placement, the student will not collect field hours.

The University is closed and agency is closed on a scheduled field placement day:
- Student will not be permitted automatically to collect field hours. Student will need to coordinate the make-up day(s) with his/her field instructor.
  - This condition should be applied to holidays, when applicable.
Holidays:
- If the agency sends staff home early for a holiday, the student will receive credit for the remainder of the scheduled field hours for that day (i.e., if the student was scheduled to work 8 hours on this day but was sent home at the 6th hour, the student will receive credit for 8 field hours).

Winter & Spring Break:
- Students are not required to attend field during the winter and spring breaks.
  o If the student chooses to go into the field placement, the student will receive credit for the field hours worked. (i.e., if the student worked 4 hours on this day, the student will receive credit for 4 field hours only).
    ▪ The additional hours may be banked for use on another day as determined between the student and the field instructor.

Weather Conditions or Other Reasons:
- If the agency or university is closed due to weather conditions or other reasons, the student will receive credit for regularly scheduled hours only.
- If the student is sent home due to inclement weather, the student will receive credit for the hours the student was scheduled to complete only (i.e., if the student was scheduled to work 8 hours on this day but was sent home at the 6th hour, the student will receive credit for 8 field hours).

Human Rights Activities Policy

The College of Social Work at The Ohio State University requires all students to complete human rights activities (HRA) each semester they are enrolled in field education. The purpose of HRA is to engage the student in advocacy outside of the field placement, as well as to allow our students the opportunity to provide volunteer services to those most in need. When we talk about advocacy, we mean advocacy on a macro level addressing issues for entire populations. When we talk about volunteering, we mean working on a more individual level to help individuals in need.

Below are the criteria for these activities:
1. BSSW, MSWII & ASAP students are required to complete eight 16 hours of human rights activities by the end of their field experience.
   a. 8 of these hours must be related to advocacy, and the remaining eight 8 hours must be volunteer hours that support populations that social workers traditionally serve.
2. MSWI students are required to complete 8 hours of human rights by the end of their field experience.
4. of these hours must be related to advocacy, and the remaining eight 4 hours must be volunteer hours that support populations that social workers traditionally serve.

3. *Sample* activities include, but are not limited to:

<table>
<thead>
<tr>
<th>Advocacy Activities</th>
<th>Volunteer Activities</th>
</tr>
</thead>
<tbody>
<tr>
<td>Participating in an Advocacy Day</td>
<td>Mentoring or tutoring a youth</td>
</tr>
<tr>
<td>Organizing and participating in a letter-writing campaign to your legislators</td>
<td>Community organization event, such as a neighborhood clean-up project</td>
</tr>
<tr>
<td>Participating on a human services levy campaign</td>
<td>Volunteering at a food pantry or soup kitchen</td>
</tr>
<tr>
<td>Researching and writing a letter to the editor</td>
<td>Organizing a food drive</td>
</tr>
<tr>
<td>Participating in non-profit organizations walks (such as the Memory Walk, etc.)</td>
<td>Volunteering at a non-profit walk to check in walkers/runners, distribute flyers, etc.</td>
</tr>
</tbody>
</table>

4. Students must get approval from their field instructor prior to the activity in which they wish to participate. The event is recorded in the weekly supervision document, time sheet, and should also be reflected in a weekly journal entry.

5. It is the student’s responsibility to identify activities in which to participate. The College of Social Work Student Association (CSWSA) lists some activities on their website at [http://cswsa.org.ohio-state.edu/](http://cswsa.org.ohio-state.edu/).

6. These events must be outside of the field agency and not related to the day-to-day activities of the student’s field placement. These hours count as part of the student’s total required field hours.

7. **Trainings and workshops DO NOT count toward human rights activities.** These activities are included in the learning agreement separate from HRA. **Exception:** If a student would like to participate in advocacy-based training they attended, the time spent only on the additional advocacy work will be counted as an HRA; not the training time.
   a. From time to time the field office will send notification (via email) of those activities that can be used for field hours. This simply means that the student can receive credit for field hours which can be listed on the time sheet, but will not meet the requirement for human rights.

8. **Working on political campaigns or for partisan events DOES NOT count as human rights activities.** All activities, both volunteer and advocacy, must be consistent with educational policies as well as NASW policy and practice statements.
The Office of Field Education will provide additional information regarding field hours and human rights activities during orientation and other trainings. Should you have any questions, about field hours or HRAs, please contact your Field Liaison or the Field Office at 614-292-7686 or cswfield@osu.edu.
