Dean and Director’s Welcome

Dear Student,

Welcome to The Ohio State University College of Social Work! You have made a wise decision to come to OSU for your education, for social work has a long and rich tradition here. In 1875 we offered our first social work courses, and we conveyed our first Bachelor of Social Service degree in 1916. Accredited in 1919, Ohio State is the country’s oldest continuously accredited public social work program. And our strong tradition continues today, as the College is ranked 17th overall and 9th among public universities graduate programs in the latest US News and World Report rankings.

Our programs are fully accredited by the Council on Social Work Education. Year in and year out our professors are recognized as a major strength of the College. It is a faculty rich in diversity and dedicated as much to excellence in teaching as it is to scholarship. It is through their efforts that OSU’s College of Social Work has become an integral and valuable resource to the State of Ohio and the nation, for the faculty of the College readily engages in collaborative efforts to ameliorate and resolve an extensive array of social problems.

The Bachelor of Science in Social Work (B.S.S.W.) program which you are entering consist of two components: the pre-professional requirements, scheduled primarily in the freshman and sophomores years; and the major, usually completed in the junior and senior years. The curriculum, consisting of classroom instruction and a field practicum, is aimed at allowing you to develop the knowledge, values, and practice skills to function at a beginning level of professional practice. Our program is built upon a sequence of courses that provides a strong liberal arts perspective, and its foundation professional courses prepare you for more specialized study at the graduate level should you desire to pursue your education further.

At the College of Social Work, we understand that the decision you have made to study with us is one that will shape your life and your career. We know that you want it to be rewarding and fulfilling. Therefore, I urge you to make the most of the opportunities that you will encounter.

Know that at the College we recognize that it is our responsibility to provide you with the very best education possible, and that we stand ready to support you in every aspect of your educational career. Again, welcome to the College of Social Work at OSU, one of the finest social work programs in the nation!

Sincerely yours,

Tom Gregoire, Ph. D., M.S.W., A.C.S.W. Dean
Director’s Welcome

We look forward to working closely with you during your time in the College and will make every effort to structure the curriculum and field experience in such a way that will exact a high standard of performance and achievement from each of you. Upon graduation, you will be prepared for beginning professional social work practice or graduate education. I wish you great success in the achievement of your educational and professional goals.

Sincerely,

Jennie Babcock, MSW, LISW-S Undergraduate Studies Director

Curriculum Principles

An excellent curriculum at the Ohio State University College of Social Work:

Is Hands-On & Immediately Relevant. A clear connection exists between the course work and practice in the community. Each course has hands-on opportunities and students leave every curriculum sequence with an understanding of its importance in their future practice.

Conducts Student Assessment That Confirms Mastery. Our approach to assessing students confirms that each individual has mastered the competencies defined for that class.

Addresses Diversity in its Global & Local Context. The curriculum reflects an understanding of global diversity and the unique diversity of the Columbus and Central Ohio area ad provides students the knowledge and skills to respond effectively.

Produces “Shovel Ready” Graduates. Students leave prepared to practice, with excellent skills in all facets of their area of practice. We engage the practice community in an evolving definition of shovel ready.

Recognizes The Integration of Micro & Macro Practice. The effective practitioner has skills to practice with individuals and families, but also communities and organizations. Students have the opportunity to develop advanced skills in both areas.

Stays Connected with the Practice Community. A progressive and dynamic curriculum includes an awareness of trends in the community and is prepared to adapt to and more importantly influence those trends.

Teaches Evidence Informed Practice. Students can critically evaluate interventions, their application to unique client populations, and assess their own interventions.

Creates Practitioners Prepared for Advocacy & Leadership. Our students leave with skills, and a commitment, to seek change at micro and macro levels.

Recognizes the Ubiquity of Addiction. Addiction disorders are often the defining characteristic of the intractable client in many practice settings. The curriculum prepares students to understand and respond to addiction.

Produces Graduates Committed to the Profession. Our students embrace the values of the profession, take pride in their identity as social workers, and work for the advancement of the social work profession.
College of Social Work
Program Standards for Social Work Students

Students enrolled in the College of Social Work are expected to adhere to the conduct standards expected of all students at The Ohio State University as well as the standards for professional behavior found in the National Association of Social Workers (NASW) Code of Ethics and the College of Social Work Standards for Professional Performance. Violations of these standards will be addressed by the appropriate College or University committees in an attempt to rectify the situation.

1. College Expectations for Professional Performance

Becoming a competent social worker is a process that begins upon entrance into the College of Social Work. Students are expected to meet the professional standards for social work education and practice described here as a condition of continued enrollment in the College of Social Work. Attention to these standards will be part of the evaluations made by classroom faculty, field instructors, advisors, and other College representatives who come in contact with students. Inability to effectively meet these standards will initiate the Student Performance Review Process (refer to "Student Performance Reviews" for an explanation of this process). Significant and/or repeated failure(s) to effectively meet these standards may result in additional action up to and including disenrollment from the College in accordance with the Program Standards for Social Work Students noted herein. The professional standards described here augment the expectations for all students at The Ohio State University as stated in the University Code of Student Conduct. Misconduct by a student enrolled in the College of Social Work may result in action under the Code and/or the policies, procedures, and guidelines of the College.

College Standards

The profession of social work upholds high standards of quality and effectiveness across all areas of practice. Professional social workers are held accountable for these practice standards by the National Association of Social Workers and State licensing boards. As the producers of social work practitioners, educational institutions are responsible for ensuring students learn and demonstrate conduct reflective of professional practice standards. Accordingly, the Council on Social Work Education monitors schools of social work to ensure they maintain the level of performance, integrity, and quality that entitles them to attain and retain accreditation status. Along with stated academic requirements, students are expected to meet the following standards of conduct to maintain good standing in the College of Social Work.

Acceptance of diversity
As students progress through the program, they are expected to demonstrate an increasing appreciation and respect for the value of human diversity. In the field practicum students must be willing to serve in an appropriate manner, all persons in need of assistance, regardless of the person’s age, class, race, ethnicity, religious affiliation (or lack thereof), gender, ability, sexual orientation, disability status, veteran status, gender expression and value
system.

**Communication skills**
Upon entrance into the program and increasingly as students’ progress through the program, they are expected to communicate effectively and sensitively. With growing understanding that cultural context is influential in building relationships with others, students are expected to effectively engage and interact with fellow students, faculty, staff, clients, community members, and other professionals. For example, students are expected to express their ideas and feelings clearly, demonstrate a willingness and ability to listen to others, and respect the values, attitudes, beliefs, emotions and past experiences of their clients.

Students will help to facilitate an environment in the classroom that promotes learning and allows faculty to educate fellow students. It is a student’s responsibility to utilize educational resources provided by the University and/or the College to satisfactorily enhance, support, or improve academic and field performance when problems in communication have been identified by faculty, field instructors, or advisors.

**Objectivity**
Upon entrance into the program, students are expected to learn the values, skills, and knowledge required for professional practice. As students progress in the program, they are expected to demonstrate a shift from lay to professional values, skills, and knowledge in order to be sufficiently objective when evaluating the life situations of clients/community members, and others.

**Professional behavior**
Upon entrance into the program, students are expected to commit to learning what is required for professional behavior. Professional behavior includes keeping commitments to and respecting clients/community members, faculty, other professionals, colleagues, and fellow students and being able to work effectively with others regardless of level of authority. Students must engage in reflective listening, act to promote the welfare of others, and behave in a trustworthy manner in their interactions with clients/community members, faculty and other members of the College of Social Work community at all times.

Other aspects of professional behavior include being punctual and dependable, prioritizing responsibilities, attending class regularly and completing assignments on time in school and in the field practicum. Understanding and maintaining confidentiality with regard to clients/community members is of utmost importance. Promptly reporting known violations of any professional standard by other social work students to a College of Social Work faculty or staff member is essential.

**Professional commitment**
Upon entrance into the program, students are expected to be committed to learning about the values and ethics of the social work profession. As students progress in the program, they are expected to demonstrate a strong commitment to the goals of social work and to the ethical
standards of the profession. Students must be committed to the essential values and ethics of social work as described in the NASW Code of Ethics, which include respect for the dignity and worth of every individual and their right to a just share in society’s resources. Students are expected to adhere to the NASW Code of Ethics as they progress in the program.

**Self-awareness**
Upon entrance into the program, students are expected to make a commitment to learning about self-awareness and to use self-reflection consistently. As students progress in the program, they are expected to be willing to examine how their values, attitudes, beliefs, emotions and past experiences may affect their thinking, behavior, and relationships. Students are expected to be willing to bring to light, examine, and change their behavior when it interferes with their work with clients/community members, instructors, fellow students, and other professionals.

2. **University Code of Student Conduct**

The University Code of Student Conduct outlines the behavioral expectations for all students at The Ohio State University. Misconduct by a student enrolled in the College of Social Work may result in action under the Code and/or the policies, procedures, and guidelines of the College. It is the responsibility of students to review and understand the Code of Student Conduct. A copy of the Code is available online at:

[http://studentaffairs.osu.edu/pdfs/csc.pdf](http://studentaffairs.osu.edu/pdfs/csc.pdf)

3. **Committee on Academic Misconduct**

The University’s Code of Student Conduct defines academic misconduct as “any activity that tends to compromise the academic integrity of the University, or subvert the educational process.” The University’s Committee on Academic Misconduct (COAM) is charged with maintaining academic integrity by establishing procedures for investigating all reported cases of alleged academic misconduct by students. In those instances where a student is found in violation, the Committee determines a suitable disciplinary sanction. Depending on the outcome of the COAM investigation, students in the College of Social Work may also be required to participate in a Student Performance Review to address additional issues related to professional performance standards. It is the responsibility of students to review and understand academic misconduct as defined by the University’s Code of Student Conduct. Actions which warrant a report to COAM can be found at:

[http://oaa.osu.edu/coam.html](http://oaa.osu.edu/coam.html)

4. **National Association of Social Work Code of Ethics**

The College of Social Work, as a professional school, expects its students to conform to the National Association of Social Workers (NASW) Code of Ethics and to be sensitive to the impact of their actions on clients, social work agencies and those who make up the College community. This code identifies a social worker’s ethical commitments to clients as well as the social worker’s responsibilities in practice settings, to the social work profession, and to society. All College of Social Work students must be knowledgeable of this Code and
Procedures for Addressing Violations of Academic or Professional Performance Standards

Allegations of academic or professional violations will be referred to the relevant committees in the College of Social Work and/or the University.

- Cases involving failure to maintain good academic standing, violations of the NASW Code of Ethics, or conduct which is inconsistent with the College’s expectations for professional performance are subject to the Student Performance Review Process.

- Cases involving academic misconduct shall be referred to the University’s Committee on Academic Misconduct (COAM); and

- Cases involving non-academic misconduct, as defined in the University’s Code of Student Conduct, shall be referred to the Office of Student Life Student Conduct.

Note: In some cases, more than one committee may be involved.

College of Social Work Student Performance Review Process

Concerns about academic standing or professional performance are addressed by the College of Social Work through the Student Performance Review process, which is initiated by faculty, staff, field instructors, or by the program offices. The Performance Review Process does not address student grade appeals. Refer to the relevant Program Handbooks for the student grade appeal process.

1. Preliminary Reviews:

A preliminary review with the student and involved faculty or staff member is the lowest level of the Performance Review Process, and outside of egregious offenses, serves as the first step in the Performance Review Process. The goal of a preliminary review is to address concerns directly with the student and work toward a mutual understanding and resolution of the concerns.

a. When a faculty or staff member has concerns about a student’s academic or professional performance, they will:
   o Apprise the BSSW or MSW Program Director of the concerns in order to identify potential patterns and issues related to the student.
   o Discuss concerns directly with the student and seek to resolve the difficulties.
   o Document plan for resolution via an email to the student. The emailed documentation should include a description of the issue, the plan for resolution, a timeline, and an indication the student has agreed to the plan. A copy should be sent electronically to the respective BSSW or MSW Program Director to be placed in the student’s academic record.

If the issue arises in field placement, the agency-based field instructor will:
o Discuss concerns directly with the student and the field liaison.
o Apprise the Director of Field Education of the concerns.
o Document plans for resolution in the field data base contact log

b. **Corrective Action Plan:** If the faculty or staff member and the student cannot agree on a plan for resolution, or the agreed upon plan does not lead to improvement within the established timeline, a Corrective Action Plan will be written to address the concerns. The faculty or staff member and the appropriate Program Director will meet with the student to develop the plan. If issues are related to field, the agency-based field instructor and the field liaison will be involved in developing the plan. The Corrective Action Plan will be retained in the student’s education record.

2. **Formal Performance Review:**
A formal Performance Review is the highest level of College review and is called when the matter cannot be resolved through a Corrective Action Plan, or when academic, ethical or professional conduct issues are serious enough to warrant formal consultation with the student. Persons with concerns about a student’s performance will complete and submit a Performance Review Request form to the Associate Dean of Academic Affairs. Within the discretion of the College, the student may be denied access to field placement and classes until the review process has been concluded. The Office of Student Life Student Conduct will be contacted as determined appropriate by the Associate Dean.

The primary purpose of the Performance Review is to identify the academic or professional performance issues which prompted the meeting, determine whether the issues can be reasonably addressed to maintain enrollment in the College, and if so, identify strategies, including accommodations when appropriate, that may remediate the issues and develop plans to promote the student’s success in completing their social work studies. Students may request disability accommodations needed to participate in the Performance Review Process by contacting the Associate Dean of Academic Affairs.

**Attendees**
The Performance Review Committee is composed of the Associate Dean for Academic Affairs, who serves as chair of the committee; the BSSW or MSW Program Director; the student’s academic advisor; and a faculty member from the BSSW Committee or the MSW Program Graduate Studies Subcommittee. When a Performance Review is called due to a field practicum situation, the committee will also include the Director of Field Education.

The student whose performance is to be reviewed will be invited to attend the Performance Review. It is the student’s responsibility to notify the Associate Dean of their intent to attend the meeting prior to the meeting date. The Performance Review will proceed if the student is not in attendance and non-attendance shall not be construed as a negative reflection on the student.

Students may invite a support person to be present during the review. The support person may
only counsel the student and may not actively participate in the review process.

**Confidentiality of the Performance Review Process**

All prior written documentation of the student’s conduct and any proposed plans for corrective action, as well as any other relevant supporting documents, will be made available to Performance Review Committee members. The student may also submit written materials to the Performance Review Committee for consideration.

All written information presented to the Performance Review Committee by the College will be made available to the student for inspection and review prior to the scheduled Performance Review by contacting the Associate Dean. All procedures related to the Performance Review process shall be carried out in a manner that affords protection to student’s education records as required under federal law.

Members of the Performance Review Committee and other persons who appear at the review session are expected to observe the confidential nature of the information made available to them prior to and during the meeting. The decision, including any recommendations, of the Performance Review Committee are part of the student’s education records and may only be shared with those faculty and staff with a legitimate educational interest on a “need to know” basis.

**Meeting and Review Process**

All relevant parties will be contacted to schedule the Performance Review. The Associate Dean via the relevant Program Office staff will notify the student by email (OSU account) of the Performance Review date and time at least seven days in advance of the meeting. If the student fails to respond to the email within one week from the date it was sent, the Performance Review is held without the student in attendance. All committee members must be present at the Performance Review meeting. In the event of an illness or incapacity of a member of the committee, the chair may ask that another eligible faculty serve as a substitute to ensure an expedient review.

The Performance Review is chaired by the Associate Dean for Academic Affairs. In the event the Associate Dean is unable to be present at the meeting, the meeting will be chaired by the relevant Program Director. In such cases, a second Program Director will be asked to attend.

The meeting shall proceed as follows:

1. Fact Finding
   a. Review of facts leading to the Performance Review
   b. Additional information or clarification
   c. Summation of facts

2. Discussion of previous problem-solving strategies and action steps
3. Deliberation and Decision (for this part of the meeting, only the committee members shall be present)
   a. Deliberation, weighing all factors in present and past performance of the student
   b. Consideration of means to resolve performance problems
   c. Achievement of consensus or majority vote on recommendations

The Performance Review Committee shall have the authority to make recommendations as part of its decision including, but not limited to:

- Dismiss concerns and advise the student to continue in the program without further monitoring or review;
- Permit the student to continue in the program with particular services or supports in place, including plans for ongoing monitoring or review;
- Require remedial actions by the student to rectify the problem and satisfy the criteria necessary for the student to be in good academic standing or adhere to professional conduct standards; or,
- Dismissal of the student from the College of Social Work.

Decision Notification
A letter describing the decision of the committee will be delivered to the student by email to the student’s official university email address no later than seven (7) calendar days following the Performance Review.

If the conclusion of the Performance Review Committee is to dismiss the student from the College of Social Work, a copy of the letter will be forwarded to the Dean of the College of Social Work. Upon request, the Performance Review Committee chairperson and/or the Committee as a whole will make themselves available to the Dean for clarification or discussion of conclusions. For graduate students, a copy of the letter will also be sent to the University Graduate School.

Performance Review records will be maintained pursuant to the College’s Records Retention policies.

Appeal
The student shall fourteen have (14) calendar days from the date of the Committee’s written decision to appeal the decision in writing to the Dean of the College of Social Work. The student has the right to appeal on the basis of the following:

1. A procedural error related to the review process that resulted in material harm or prejudice to the student;
2. The student believes the decision of the Committee is grossly disproportionate to the violation(s) committed, considering the relevant aggravating and/or mitigating factors;
3. Misinterpretation or misapplication of the institutional rule or professional or ethical standard alleged to be violated; or,
4. Discovery of substantial new evidence that was not available to the Performance Review Committee at the time of the review, and which reasonably could have affected the decision of the Committee.

The Dean will review all pertinent materials, consult with the Associate Dean, and communicate a decision within fourteen (14) calendar days from receipt of the appeal. If the basis of the appeal is “substantial new evidence,” the Dean may request a reconsideration of the case by the Performance Review Committee. For other appeal considerations, the Dean may convene an Ad Hoc Appeals Committee. The decision of the Dean shall be filed.

**Student Rights**

Students’ appropriate efforts to gain knowledge are a fundamental right. Students will not be prohibited from exercising their constitutional rights or from other lawful activity. These activities expressly include freedom of speech and dissent.

**Freedom from Sexual Harassment**

The University administration, faculty, staff, student employees, and volunteers are responsible for assuring that the University maintains an environment for work and study free from sexual harassment. Sexual harassment is unlawful and impedes the realization of the University’s mission of distinction in education, scholarship, and service. Sexual harassment violates the dignity of individuals and will not be tolerated. The University community seeks to eliminate sexual harassment through education and by encouraging faculty, staff, student employees, and volunteers to report concerns or complaints. Prompt corrective measures will be taken to stop sexual harassment whenever it occurs.

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when it meets any of the following:

- **A.** Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic status.
- **B.** Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual.
- **C.** Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus. Sexual harassment can occur between any individuals associated with the University, e.g., an employee and a supervisor; coworkers; faculty members; a faculty, staff member, or student and a customer, vendor, or contractor; students; or a student and a faculty member.

Examples of sexual harassment include: (a) some incidents of physical assault; (b) implied or direct threats that submission to sexual advances will impact grading or letters of recommendation; (c) direct propositions of a sexual nature or unwanted subtle pressure for sexual activity; (d) a pattern of conduct that unreasonably interferes with the work or academic environment (not legitimately related to the subject matter of a course).

Students may bring a complaint against any member of the University community. When direct
resolution between the person being harassed and the alleged harasser is not possible a student may bring a complaint to any of the following officials:

- The person designated as the Human Resource Representative at the College of Social Work
- A consultant in the Office of Human Resources, Consulting Services

**Students with Disabilities**

**Introduction**

The [Office of Student Life Disability Services (ODS)](http://www.ods.osu.edu/) at The Ohio State University offers a variety of services for students with documented disabilities including learning disabilities, deaf/hard of hearing, blind/low vision, mobility limitations, attention deficit disorders (ADD/ADHD), psychiatric disorders, and medical disabilities.

**Eligibility for Services**

In order to fully evaluate requests for accommodations or auxiliary aids and to determine eligibility for services, ODS needs disability documentation. The documentation should include an evaluation by an appropriate professional that includes the current impact of the disability as it relates to the accommodation(s) requested. Once ODS receives the documentation, it is evaluated on a case-by-case basis.

The Office of Disability Services is responsible for coordinating both accommodations and academic support services: ODS, 150 Pomerene Hall, 1760 Neil Ave., Columbus, OH 43210; 614-292-3307 (voice), 614-429-1334 (VRS); E-mail: slds@osu.edu; website: [http://www.ods.osu.edu/](http://www.ods.osu.edu/)
Student Responsibilities in Regard to Disabilities

- It is the student’s responsibility to provide written documentation of the diagnosis of the disability. All diagnoses must be confirmed by Disability Services before special arrangements can be made.
- The student is responsible for all costs related to the diagnosis.
- Students are strongly encouraged to disclose the disability to each instructor and to make their accommodation needs known during the first week of classes. Students are reminded that faculty are under no obligation to provide accommodations for students with disabilities who do not make this need for special accommodation known to them.

Responsibilities of the Faculty/School

The faculty are required by law to provide reasonable accommodations to students who provide appropriate documentation of their need for services. It is the responsibility of the faculty to work with Disability Services to ensure that students with disabilities have equal access to quality educational experiences both in the classroom and in clinical settings.
Planning Your Degree

Introduction to Academic Advising

All students in the College of Social Work are advised by a departmental academic advisor. In addition, students who have been accepted into the social work major are also assigned a faculty advisor. The departmental Academic Advisor oversees students’ matriculation through the Undergraduate Studies Program, while a Faculty Advisor has more of a mentorship role.

The Academic Advisor can help you select courses, add or drop you from courses, assist you in petitioning, and carry out all the other tasks that are related to your degree.

Your Faculty Advisor plays a mentorship role in your time in the program. The faculty advisor can talk to you about career possibilities, help you develop educational goals, and help clarify your specific interests in social work.

Academic Advisor Responsibilities

Knowledgeable about University and Undergraduate curriculum policy, the Academic Advisor assists students in scheduling courses in the correct sequence, enrolling in courses, and withdrawing from courses and the university. The advisor also provides basic information regarding GEs, social work electives, minors, dual degrees, and graduation requirements. The advisor assists students in redesigning the academic plan if career goals change, monitors reports on any student who may be experiencing academic difficulty (and alerts the faculty advisor and Program Director), coordinates the scheduling of performance reviews when needed and keeps current records up to date.

In the Undergraduate Program, frequent and clear communication with the Academic Advisor is critical to your success. In addition to meeting with students as the need arises throughout the semester, the Academic Advisor encourages all students to meet with their academic advisor at least once per semester.

Faculty Advisor Responsibilities

The Faculty Advisor will provide mentorship to students regarding clarification of career goals, educational objectives and educational planning.

How to Make an Appointment

Students can schedule an advising appointment with faculty advisors by e-mailing or phoning them using the contact information distributed once a faculty advisor has been assigned.

Assignment of Faculty Advisor

The assignment of a student to a faculty advisor is made by the Undergraduate Studies Program Director on behalf of the Undergraduate Studies Committee. Criteria used in making these assignments include students’ interests within the social work profession and advisee load among faculty.

Change of Faculty Advisor

As student interests change or become more defined, a change of faculty advisor may be desired. A change of advisor can be acquired by the student who completes a Change of Advisor form, obtains signature of the new prospective advisor and receives the approval of the Undergraduate Studies Program Director. This form is available in the Undergraduate Advising Offices.
Student Responsibilities

- You are responsible for knowing the requirements of the curriculum you are pursuing.

- You are responsible for obtaining updated General Education (GE) and major curriculum information. The information sheets are updated frequently; classes can be added to or dropped from the GE at any time. You must be aware of the changes. Current GE sheets are available in this handbook and on OSU’s website: here.

- You are responsible for scheduling appointments with your assigned academic advisor(s) regularly.

- You are responsible for checking your campus e-mail regularly. The university and its colleges and departments send official notices and information to your OSU e-mail account. If you choose to have your e-mail forwarded to another e-mail account, you may not receive official OSU mail, including scheduling, academic progress, and graduation information. You are responsible for ensuring your e-mail account is capable of receiving OSU e-mail and for checking your e-mail account frequently. If you use another e-mail account instead, make sure that messages sent to your Ohio State account are forwarded to the account you use. Go to Buckeye Link to update or manage your Ohio State username and e-mail account online. If you are having problems, contact the Office of Information Technology (OIT) at (614) 688-HELP.

- You are responsible for knowing the University’s and the College of Social Work’s policies, regulations, and procedures. You should be familiar with this manual, the Course Offerings Bulletin, and the semester Master Schedule of Classes. The Course Offerings Bulletin and the Master Schedule are available at Buckeye Link.

- You are responsible for maintaining good academic standing, which is defined as a 2.0 cumulative, semester, and major grade point average.

- You are responsible for knowing your current schedule at all times, including class numbers. You can find your schedule at Buckeye Link. Login to your “Student Center” and view “My Class Schedule.”

- You are responsible for checking the prerequisites for all classes that you schedule.

- You are responsible for officially dropping courses you have stopped attending. An instructor will not automatically drop you from a course simply because you stopped attending class. You are also responsible for knowing the drop/add deadlines for each semester (e.g., first, fourth, and tenth Fridays).

- You are responsible for knowing the consequences of schedule changes (for example, the effects of changes on your eligibility for financial aid, your projected graduation date, your athletic eligibility, your tuition and fees, etc.).
• You are responsible for knowing whether or not you are on a waitlist. You can find this information in “Student Center” at Buckeye Link.

• You are responsible for checking your schedule regularly to see if you have been added to a class from the waitlist. You will not receive notification from the University Registrar if you are added to a class. (Note: the waitlist will not add you to any classes after the first Friday of the semester.)

• You are responsible for understanding your fees (tuition, health insurance, etc.) and resolving any issues with the appropriate office (Financial Aid, Fees and Deposits, etc.).

• If you are eligible for an exemption from student health insurance, you are responsible for providing the documentation required to demonstrate your eligibility for the exemption.

**Degree Audit Reporting System**

The degree audit (DARS) is the single most powerful tool in checking progress towards your degree. It provides detailed information on which course requirements you are missing. It is particularly useful in checking your GE and Social Work Elective progress. You can also use the same tool to download any transfer credit reports. You should check your degree audit after you schedule courses each semester to make sure that the courses you have registered for are meeting the necessary requirements. If you notice something unusual on your degree audit, you should check with your advisor immediately.

**Running a Degree Audit**

✓ Go to [www.buckeyelink.osu.edu](http://www.buckeyelink.osu.edu)
✓ Under the heading Enrollment and Academic History, click “Degree Audit”
✓ Sign in with your OSU Username and password
✓ On the Audit Request Screen, you have two options: 1. Run Default Program Listed; 2. Run Selected Program.
   
   o **Option 1.** Run Default Program Listed: if you are currently enrolled in a major program, that major program will be listed under this heading. If this is the audit you would like to view, simply click “Submit a New Audit”.
   
   o **Option 2.** Run Selected Program: if you do not have a default program listed or would like to view an audit for a different program than the default program, follow these instructions:
     D Select the radio button beside “Run Selected Program”
     D “College:” select the college in which the major is housed
     D “College:” will automatically update to correct college unit
     D “Major:” select the major
     D “Degree:” select desired degree
     D “Degree Prog:” select desired specialization, if applicable
     D Click “Submit a New Audit”

✓ The Audit window will refresh automatically and your new audit will appear, listing the date and time it was run
✓ Click “Open Audit” to open your audit in new window
Reading your Degree Audit

Each Degree Audit will list the curriculum requirements for the major. You can “open” each requirement to see a listing of the courses by clicking on the grey triangle beside each requirement.

- Any requirements marked with a green checkmark have been completely fulfilled.

- Any requirements marked with a red cross have at least one requirement condition still unfulfilled.

Degree Audits are used to certify students for graduation; your audit will not run completely “green” until the semester you graduate.

Undergraduate Program Degree Requirements

The undergraduate degree program is designed primarily to prepare students for beginning professional social work practice. The content of this program, emphasizing direct services to individuals, families, and small groups enables the graduate to function as a generalist practitioner and to work with organizations and communities on behalf of clients. The undergraduate social work degree is comprised of 120 credit hours: 55 credits of General Education Classes (GE), 45 credits of Social Work Major Classes, 14 credits of Social Work Electives, and 6 Free Electives.

The undergraduate major curriculum is built upon and integrated with the liberal arts perspective. Students complete required pre-major courses selected from the University’s General Education Curriculum (GE) prior to entering the major, and incorporate remaining GE requirements with major coursework. The major curriculum consists of courses in human behavior and the social environment, social welfare policy, professional values and ethics, research, a series of 5 generalist practice methods courses, and 2 semesters of field practicum and an integrative field seminar. In addition, various social work electives are taken in support of one’s practicum.

The major courses are sequential and begin in the Autumn Semester of either the sophomore or junior year. To complete degree requirements, students must enroll in autumn and spring semesters.

Application to the Major

The Undergraduate Program allows for entry into the major during either the sophomore or junior year, beginning in Autumn Semester. View the CSW website for the complete application instructions and deadlines.

Minimum Grade Requirement

In order to receive credit for Social Work courses, all major and elective courses must be completed at the “C” or higher mark. Students must repeat courses in which they earn less than a grade of “C” and cannot enroll in a sequenced course if they earn less than a grade of “C” in the pre-requisite course. Although this does not apply to the Social Work GE courses (1100, 1120, 1130, 1140), it does apply to all major courses and all Social Work electives, regardless of whether the electives were taken during the pre-major or major.

Major Courses

The core requirements of the professional social work curriculum include:

All the above courses are taught through traditional or online classroom instruction with the exception of the field practicum, which brings together theory and professional practice in actual social work situations under the supervision of a qualified social worker. Students are placed in social service agencies during the senior year concurrent with classroom courses.

College Attendance Policy

Students in the College of Social Work are expected to attend all classes during their social work studies. Attendance in your courses is an essential part of your education and professional development. Any absence deprives you of the opportunity to interact with your instructor and
fellow students and interferes with your ability to fully acquire the knowledge and skills required for successful social work practice. Although students may occasionally need to miss class due to illness or other important matters, missing more than 25% of the class contact hours in a semester significantly detracts from your ability to master the course content. Instructors often deduct points for absences; if you must miss more than 25% of the class time during a semester you may be required to withdraw from the course and return to your studies when you are able to fully participate in your coursework. Please note that instructors may have additional or more stringent attendance requirements depending on the nature of the course.
Field Education Overview

Field instruction is a vital component of social work education. It provides students the opportunity to integrate classroom knowledge with supervised practice in the field. In the senior year of the BSSW Program students engage in agency-based practice. They are challenged to learn by reflecting on interactions with clients, evaluating the effectiveness of interventions, advocating for clients’ rights, confronting ethical dilemmas, and improving cultural awareness. This learning process allows students to develop and enhance the proficiency with which they practice as social workers, and better prepares them for the multidimensional nature of a social work career.

More than 800 Ohio agencies currently participate in the College of Social Work’s field education program. Students are engaged in child welfare agencies, schools, hospitals, substance abuse agencies, domestic violence shelters, mental health centers, courts, prisons, and many other agencies. Agency-based field instructors provide supervision throughout the placement. Concurrent academic course work (Social Work 4501, 4502, 4503 and field seminars) reinforces and enhances the field experience. Students are closely monitored by a field liaison who provides support and assistance to students and field instructors to maximize the field practicum learning experience.

The Office of Field Education arranges all placements and is committed to placing students in agencies that are compatible with their professional goals. Every effort is made to accommodate the interests of each student’s request for placements. Placement in a particular agency or geographic location cannot be guaranteed. Students may be required to travel within a 50 mile radius to assure a high-quality field practicum.

Attention is also given to requests for the employment-based field placement option, stipend opportunities, deviations in scheduling, and public transportation needs. Students are expected to provide their own transportation or use public transportation for the field placements.

*Must meet eligibility requirements.*
In the senior year, students are placed in settings to learn generalist social work practice. The focus is on social work with interrelated and interdependent human systems: individuals, families, groups, organizations, and communities. The Social Work 4189 Syllabus further defines the philosophical base and overall goal for placement.

Students fill out a Social Work 4189 Field Practicum Questionnaire documenting the kinds of learning experiences requested.

Once a student is matched with a field placement agency, the agency will conduct a pre-placement interview with the student to determine compatibility in regards to goals and expectations. Students must confirm placement with the placement coordinator following the pre-placement interview.

During field, students track field placement hours and field supervision. In the initial weeks of placement, students and their field instructors develop a learning agreement that identifies the goals and objectives to be accomplished during the field practicum. Field instructors submit semester performance evaluations of their students to The Office of Field Education.

Requests for deviations in scheduling must be discussed and approved by the Director of Field Education and the BSSW Program Director, and reflected in the students’ educational plans.

**Field Practicum and Concurrency**

Field practicum is generally scheduled for two consecutive semesters beginning Autumn Semester of the senior year. Students are placed in an agency for 15 hours per week and receive 10 credit hours over the two semesters. Students also are required to participate in field seminars (SWK 4188), concurrent with 4189.

Block placements require students to complete 420 field hours in one semester, providing an in-depth, concentrated learning experience. Students are in placement thirty hours a week for fourteen weeks during the Spring Semester of their senior year. All required social work major courses must be completed before beginning the block placement, with the exception of the Social Work 4188 Field Seminar.

**Block Field Placement Option for BSSW Students**

Block placements require students to complete 420 field hours in one semester, providing an in-depth, concentrated learning experience. Students are in placement thirty hours a week for fourteen weeks during the Spring Semester of their senior year. All required social work major courses must be completed before beginning the block placement, with the exception of the Social Work 4188 Field Seminar.

Block placements require a great deal of commitment and initiative and are recommended for students who have demonstrated exceptional performance in the social work program and have significant experience in a work environment. Students interested in the block placement option must formally apply and clearly specify their readiness for this intensive learning experience.
Students complete both the *Field Placement Questionnaire* and a *Block Placement Application*. Details regarding the application are provided during the field placement orientation that takes place Spring Semester of the junior year. All applications will be reviewed by the Undergraduate Studies Director, the Undergraduate Academic Advisors, the Director of Field Education, and the Field Placement Coordinator. It should be noted that not all agencies offer a Block Placement option, and evening/weekend hours cannot be assured. Thus options will be limited and preferred settings cannot be guaranteed.

Should challenges or concerns arise that lead to either an interruption in the field placement or the need for re-placement in a new agency, a student’s graduation timeline may be impacted due to the condensed nature of a block placement.

Students who are approved for a block placement must complete *Social Work 4501, 4502, and 4503* during Autumn Semester of the senior year. A grade of C or higher must be earned in these courses in order to remain eligible for the block placement. Block placement students will then enroll in ten credits of *Social Work 4189 Field Placement* and two credits of *Social Work 4188 Field Seminar* during Spring Semester of the senior year. Attendance is mandatory at Field Seminars, which meet once a week and provide a supportive arena for shared learning.

**Employment-Based Field Placement Option**

The employment-based option is intended for students who have a work setting suitable for a field practicum. Students cannot use their present employment position as field placement, but may petition to complete their field placement in a different service/department within their agency. The following requirements must be met:

- Students will be employed in their work setting for a minimum of 60 days prior to applying for the work-study option.
- Field Placement hours must be clearly defined and separate from paid employment responsibilities.
- Learning activities must be located in a different program or division of the agency, and must exceed the student’s present job skills and knowledge.
- The student’s work supervisor must be different than the field placement instructor.
- A letter from the agency executive must provide written approval and commitment to the work-study.

No academic credit can be issued for life experience or previous work experience in lieu of the field practicum.

All paperwork, arrangement of placement and liaison selection for field placement students will be completed by the Office of Field Education. More information regarding employment-based option can be obtained here: Employment-Based Field Placement or by contacting the Office of
Field Education at (614) 292-7686.

**Malpractice Insurance**

All practicum students are required to purchase liability insurance through the College blanket insurance policy. The charge will appear on the student’s fee statement prepared by the Office of Fees and Deposits. This is a one-time charge per academic year. Contract conditions, procedures and costs subject to change.
Credit by Examination

Students can earn credit toward graduation at Ohio State University upon successful completion of tests in the Credit by Examination Program. Successful completion of any of these tests results in a designation of “EM” credit on the student’s permanent record. The credit does not affect the student’s grade point average, but does count as hours toward graduation. Please view the following link for more information: Credit by Examination.

Honors Program

The Honors Program in the College of Social Work provides a small group of academically high-achieving students (those with a 3.4 grade point average or above) with an enriched baccalaureate experience while majoring in social work.

Membership in the Social Work Honors Program by invitation of the BSSW Director. Students may be invited as incoming freshman if they are admitted as University Honors students; as pre-majors once they have completed one semester, 15 graded credit hours, and have a 3.4 cumulative point-hour ratio; as juniors in the major with a 3.4 cumulative point-hour ratio, or as transfer students who were honor students (must be verifiable) at their prior colleges/universities.

Students who earn honors status during the pre-major must take 3 honors-level GEC courses prior to entering the major. In addition, all students in the Social Work Honors Program will complete two honors or honors-embedded research courses (3401H/3401E and 3402H/3402E), an honors thesis seminar (4996H), and 10 credits of honors thesis hours (4999H). Honors students receive priority in the field placement process. The College offers our Honors students a financial stipend. This stipend is contingent upon the completion of certain requirements of the Honors program.

Upon successful completion of the coursework and thesis and maintaining a 3.4 cumulative point-hour ratio, students will graduate “With Honors Research Distinction in Social Work.”

Students interested in the Honors Program should talk to the Social Work Honors Academic Advisor, Andréa Severson, in the BSSW Advising Office, 306C Stillman Hall. Please email at severson.10@osu.edu to schedule an appointment.

Dual Degree (Combined Curricula)

Some students wish to pursue two degrees through two different colleges: one through the College of Social Work and one through another Ohio State college. Because you need to meet the degree requirements for two different colleges, these programs take more than four years to complete. See the Social Work Academic Advisors for more information.
Minor Programs

The College of Social Work abides by the following Minor Policy:

1) University-approved minor programs are available to undergraduate students in the College of Social Work as an option to complement or enhance their major programs; however, minor programs are not required in the College of Social Work.
2) A major and a minor may not be taken in the same division/program.
3) A student may overlap 6 credits hours between the minor course requirements and the General Education Courses required within the Social Work degree.
4) Students pursuing a minor may count their minor coursework toward the required Social Work Electives. A student is not permitted to count a minor course for both a GE and toward the Social Work Elective hours.
5) No grade below a C will be permitted on courses comprising the minor if students are counting these courses toward social work elective hours.
6) Courses taken on a pass/non-pass basis may not be applied to the minor.
7) Students pursuing minors that require approval need to see an advisor in the College offering the minor. The student will complete a minor program form with the minor advisor and should email a copy to their social work advisor.

Study Abroad

Studying abroad enriches your education in many ways:

- broadens your world view
- enhances communication skills across ethnic, cultural, ideological, and national boundaries
- promotes cross-cultural understanding
- prepares you for your career as employers look to hire graduates who can interact effectively with people from diverse backgrounds, cultures, and nationalities
- helps you shape your educational experiences in personally meaningful ways

While studying abroad, you will earn academic credit that may be applied to major or minor requirements, general education requirements, or elective credits. If you are interested in studying in another country, visit the Office of International Affairs in 300 Oxley Hall. The College of Social Work currently offers Study Abroad options to Australia, India, and Nicaragua.

Undergraduate Research

The Undergraduate Research Office defines research as “scholarly or scientific investigation or inquiry.” Students in virtually every major may choose to engage in research at Ohio State, a top public research institution. Undergraduate research enhances your analytical thinking and knowledge of a particular subject; it prepares you well for graduate work in your chosen field.
The Undergraduate Research Office encourages and coordinates research opportunities by:

- introducing students to rewarding research experiences
- helping students find faculty mentors
- helping students find funding for their research projects
- helping students present their findings at local and national symposia
- promoting recognition of student research accomplishments

The Undergraduate Research Office can be reached at (614) 292-8307 or by email uro@osu.edu. Information is also available through the Social Work Advising Offices.

**Non-Honors Thesis Option**

Students in the College of Social Work may choose to complete thesis work under the supervision of a faculty advisor if they hold a 3.0 or higher cumulative point hour ratio and complete Social Work 3401 with a grade of B or higher. Students must successfully complete the Social Work 4996H Thesis Seminar (3 credits), followed by two semesters of Social Work 4999 thesis work (3 credits per semester/6 total credits) under the guidance of their faculty thesis advisor. Students may count the 9 credit hours of thesis work toward the required Social Work electives. To learn more about the Non-Honors Thesis Option, contact your academic advisor.
Scheduling Courses

Scheduling Considerations
As you plan your schedule for each semester, consider these issues:

Why are you taking the course you are scheduling? (If you don’t know, find out!)
Is this course:
• required for your pre-major or major?
• a prerequisite to a required pre-major or major course?
• a general education requirement? View the General Education Curriculum here.
• a free elective or a Social Work Elective?
• part of a sequence? Make sure you can proceed through the sequence in a timely way.

Eligibility
• Check prerequisites and restrictions in the Course Offerings Bulletin. The registration system does not always check for prerequisites or restrictions.
• Do you need instructor permission? If so, obtain it before your scheduling window opens, or you will not be able to take the course. The course enrollment permission form can be obtained online here.

Course-specific issues
• Content: What is the focus of the course? Consider if the subject matter will be easy or difficult for you.
• How is course content presented? Consider if the course is a large lecture, online, or focuses on small group discussion.
• How will your work be evaluated? Consider if the course relies on only midterms and a final, or if you’ll be writing papers or doing projects and group work. Review the course syllabus for this information.
• What are your time commitments for the upcoming semester?
• How much time will you be able to devote to class preparation and attendance?
• What are your other obligations? Think about employment, extracurricular activities, family responsibilities, internships, sports and recreation, and social activities?

Balancing your schedule
• Balance the types of courses. Consider if the course requires lots of reading and/or writing, memorization, assignments, and/or lab work.
• Try to take a variety of courses each semester.
• Balance courses that you know will be difficult with courses that will be easier for you.
• Balance courses in which you have great interest with those in which you have less interest.

Other considerations
• Do you need to concentrate on raising your GPA? Plan to take courses in which you expect to do well.
• Is it important to establish a relationship with a particular faculty member? This could be useful for future recommendations or to do an independent study.
• Plan on taking a course or courses from a faculty member in your interest area.
• You may have a special window for waitlisted courses. If you want to take advantage of the special priority for these courses, you should schedule them during this special window.
• Check to see if there are holds on your account. Resolve them before your window opens. If you do not remove your holds, you cannot schedule classes. The Registrar's Office has information on holds and how to address them.

Waitlist Instructions

You are placed on a waitlist if you are unable to schedule a course due to time conflicts, closed or cancelled sections. Before you can be waitlisted for the course, you must meet all prerequisites for the course (or the instructor’s permission to waive the prerequisites has been posted by the college office).

- The waitlist is section-specific.
- Check the waitlist weekly before the semester starts.
- Check the waitlist daily during the entire first week of classes.
- The waitlist will be active through the first Friday of the semester.
- You should attend the first week of class if your waitlist number is low.
- It is your responsibility to know if you have been moved from the waitlist and into a class.

If you do not get into a waitlisted course in the semester in which you originally request it, you will be assigned a separate registration window prior to your normal scheduling window for the next semester the course is offered. You should register for the course during the earlier window, which gives you priority scheduling for the waitlisted course. The web registration system will not automatically schedule you for your waitlisted course.

Adding and Dropping Courses

Adding Classes

- After your scheduling window opens, you can add classes (if seats are available) online until 8 p.m. of the first Friday of the semester.
- After the first Friday and through the second Friday, you must have the permission of the instructor (on a Course Enrollment Permission Form) to enter a class. This form must be signed by the instructor. After getting the appropriate signature, you must have the form processed in the Social Work Advising Office.
- After the second Friday and through the third Friday, on a Course Enrollment Permission Form, you must have the permission of the instructor and of the department chair for the course you want to take. This requires getting the form from Social Work Advising Offices and having it signed by the instructor and the department chair. After getting the appropriate signatures, you must have the form processed in the Social Work Advising Offices.
- Courses added after the third Friday of the semester generally require a petition. More information about the petition process, and forms, are available in the Social Work Advising Offices in 306B/C Stillman Hall. To support your petition, you must have the above two signatures, as well as valid reasons for failure to timely enroll in the course.
Dropping Classes

- You can drop classes online during the first 4 weeks of each semester.
- You may drop classes in the Social Work Advising Office through the tenth Friday of the semester. Before dropping classes, consider how this will affect both your progress toward your degree and other issues.
- If you drop on or before the fourth Friday, no record of your enrollment will be recorded on your transcript. If you drop after the fourth Friday of the semester, you will receive a “W” on your transcript, indicating that you withdrew. If you have a significant number of W’s on your record, it may suggest a pattern of careless enrollment.
- You cannot drop classes after the tenth Friday except by petition filed in the Social Work Advising Office. If, because of extreme extenuating circumstances, you wish to drop a class after the tenth Friday, see an academic advisor to help you with the petition form. You will need supporting evidence (for example, proof of medical complications that will prevent you from finishing the course). You cannot drop after the tenth week simply because you are doing poorly in a class.

Please view the list below and contact the appropriate office before dropping below full-time status as a reduction in hours due to a course drop may affect the following:

- Financial aid: including scholarships, grants, loans, and consortium agreements (614) 292-0300
- Benefits received under the G.I. Bill (614) 292-3453 or (614) 688-1579
- Tuition reduction received when a parent works for the university (614) 292-1050
- Automobile insurance, if you receive discounts for being a full-time student
- Health insurance, if you need to be a full-time student to be covered under a parent’s policy
- Your residence hall contract (614) 292-8266
- Your tuition waiver, if you are a university employee (614) 292-1050
- Your athletic eligibility, if you are a varsity athlete. You must see your assigned Athletic Advisor.
- Your visa, if you are an international student. You must see an advisor in the Office of International Affairs for approval. (614) 688-5482

In any case, you may want to consult your Social Work advisor about the consequences of dropping a course.

Withdrawal from the University

Whenever you drop the last course from your schedule, you are considered to be withdrawing from the university for that semester (not just dropping a course). You must come to the Social Work Advising Office to complete the withdrawal request. All withdrawals from the university are noted on the permanent record with the word “Withdrew” and the date of the withdrawal. If the withdrawal occurs before the fourth Friday, no W’s will appear on the record. W’s will appear on the record for withdrawals after the fourth Friday. You must file a petition to request withdrawal after the tenth Friday.

Leave of Absence

Students in the pre-major may take a leave of absence from the College of Social Work by notifying the Academic Advisor. Students in good standing in the Social Work major who need to take a leave of absence from the College of Social Work must submit a written request to the BSSW program office. The leave of absence can be approved for a period of up to one year. Note: Any student returning after an absence from OSU for 5 or more years is reinstated into the College of Social Work under the most current curriculum.

How to Calculate Your Grade Point Average (Point-Hour Ratio)

In order to set academic goals, it is important to understand how success is measured. You can calculate your point-hour ratio using the following steps:

- Multiply the credit hours value for each course by the point value of the grade you received.
- Add up the credit points you have earned in all your courses.
- Divide the total credit points by the number of credit hours you have attempted for a letter grade.

**Semester Point-Hour Ratio (SPHR)** – All courses you have taken in a semester. Example A:

<table>
<thead>
<tr>
<th>COURSE</th>
<th>HOURS</th>
<th>GRADE</th>
<th>CREDIT POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>English 1110.01</td>
<td>3</td>
<td>A-</td>
<td>(3 x 3.7)</td>
</tr>
<tr>
<td>Psych 1100</td>
<td>3</td>
<td>B+</td>
<td>(3 x 3.3)</td>
</tr>
<tr>
<td>Math 1148</td>
<td>3</td>
<td>B</td>
<td>(3 x 3.0)</td>
</tr>
<tr>
<td>Biology 1113</td>
<td>4</td>
<td>C</td>
<td>(4 x 2.0)</td>
</tr>
<tr>
<td>History of Art 2001</td>
<td>3</td>
<td>B</td>
<td>(3 x 3.0)</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>16</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>TERM GPA</strong></td>
<td><strong>2.9</strong></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Cumulative GPA = (47 credit pts. from example A) = 2.9

**Cumulative Point-Hour Ratio (CPHR)** - All courses you have taken to the present date. Example B:

<table>
<thead>
<tr>
<th>COURSE</th>
<th>HOURS</th>
<th>GRADE</th>
<th>POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>History 1151</td>
<td>3</td>
<td>B</td>
<td>9.0</td>
</tr>
<tr>
<td>Math 1149</td>
<td>3</td>
<td>C</td>
<td>6.0</td>
</tr>
<tr>
<td>Theatre 2100</td>
<td>3</td>
<td>B+</td>
<td>9.9</td>
</tr>
<tr>
<td>Biology 1114</td>
<td>4</td>
<td>A-</td>
<td>14.8</td>
</tr>
<tr>
<td>Chinese 2451</td>
<td>3</td>
<td>A</td>
<td>12.0</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>16</strong></td>
<td></td>
<td><strong>51.7</strong></td>
</tr>
<tr>
<td><strong>TERM GPA</strong></td>
<td><strong>3.23</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>CUMULATIVE GPA</strong></td>
<td><strong>3.08</strong></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Cumulative GPA = (47 credit pts. from example A + 51.7 credit pts. from example B) = 98.7
(16 hours +16 hours) = 32 (98.7/32) = 3.08
Incomplete

If illness or an emergency prevents you from finishing a course, you may request an “Incomplete” from the instructor. When you receive this grade, you must make arrangements with the instructor to complete the course requirements. Incomplete work must be completed by the sixth week of the following semester. If the work is not made up by the due date, the “I” mark will revert to the alternate grade the instructor reported.

Pass/Non-Pass option

You may take a maximum of 20 credit hours of electives on a pass/non-pass (PA/NP) basis. You cannot take general education, major, minor, social work elective or prerequisite courses pass/non-pass. You must have a minimum 2.0 cumulative GPA to use the pass/non-pass option.

Grade Forgiveness

Under Ohio State’s recently approved Grade Forgiveness Rule, you may petition to repeat a course in which you have previously earned a letter grade. If the petition is approved, the second grade will replace the first in the calculation of your cumulative point hour ratio. Note that the original grade will remain on your transcript, and once you have invoked the rule, the second grade will be used to replace the first, even if the second grade is lower. Courses you have already repeated will not be eligible for application of this rule. Students who have already repeated three (or more) courses under the Freshman Forgiveness Rule will have no remaining eligibility under the new rule. You cannot invoke the rule for courses that have been applied to a degree already awarded by The Ohio State University or applied as transfer credit to a degree awarded elsewhere.

Students who wish to use the rule should consult with their academic advisor and submit a petition with their college or enrollment unit by the second Friday of the semester in which they will repeat the course. Students seeking to repeat a high-demand course in which they have already earned an acceptable grade may not receive permission to repeat it until students who truly need to take the course have had a chance to enroll.

Fresh Start

If you have not been enrolled at the university for five or more years, you may petition for the Fresh Start Rule. While all courses will remain on your permanent record, only courses in which you received a C- or higher will be counted for credit. Other course work will not be counted for credit, towards any requirement, or toward graduation. You will return to Ohio State with a recalculated cumulative GPA (point-hour ratio) of 0.0. You will be reinstated on the most current curriculum in place. You must complete a minimum of two semesters and 30 credit hours after using the Fresh Start Rule before you are eligible to graduate. Meet with your academic advisor for more information.

Keep in mind that if you are considering applying to graduate or professional schools, or even to other colleges at Ohio State, all of your grades will be considered (including those forgiven under Fresh Start) in the admissions process, and the other unit may recalculate the original
grade(s) into your cumulative GPA (point-hour ratio).

Courses “forgiven” by the Fresh Start Rule will be calculated in determining eligibility for graduation honors.
**Repeating a Course**

You may repeat any course once, regardless of the grade you received and when you originally took the course, with the approval of the Social Work Advising Office. If you do not qualify for the Forgiveness Rule, both grades will count in your cumulative grade point average. Credit for the course may be counted only once in the minimum total hours required for graduation. Keep in mind that if you are considering applying to Graduate or professional schools, or even to other colleges at Ohio State, all of your grades will be considered.

**Auditing a Course**

You may choose to audit a course to learn more about a subject without earning a letter grade. Fees are assessed for auditing a course, but no credit hours are awarded. You cannot audit a course and then later take the course for a grade. Auditing a course requires permission from the instructor and college academic advisor.

**Transferring into the College of Social Work**

All transfer students must have a minimum 2.0 GPA (cumulative point-hour ratio) at The Ohio State University and a 2.0 cumulative point-hour ratio at all other attended institutions. All students interested in pursuing social work as a major should contact a Social Work Advisor to discuss how their coursework applies to the Social Work curriculum and to process the transfer/admission into the University and College of Social Work. Please be advised that only Social Work credits from a Council on Social Work Education accredited Social Work program can be considered for evaluation as Social Work major classes (CSWE Accredited Programs). Social work credit from non-accredited programs can be used as Social Work Electives only.

**Transfer Credit Information**

If you came to Ohio State with transfer credit, have it reviewed as soon as possible by a Social Work advisor. The advisor will recommend which courses should be reviewed with individual departments. If you have credit that you think may count in your Social Work major, you must see the Social Work Transfer Credit Coordinator, Andréa Severson, to have it evaluated. While the advisor may assist the student in interpretation of the Transfer Credit Report, it is the student's responsibility to identify and process all paperwork associated with these categories of credit.

Transfer credit may be accepted at Ohio State in a few different ways. If the course is a direct match (all of the same topics [no more, no less] are covered), then you will get credit for the Ohio State equivalent. (For example, English 2220 at Columbus State Community College [CSCC] equals English 2220 at Ohio State. Thus, your transcript will read English 2220 for 3K. The course is worth three credit hours at CSCC, and transfer credit comes in as “K” credit.)

Instead of being a direct equivalency, credit can also be evaluated as special (SPL), general (GEN), technical (TECH), or deferred (DEF.)

Special credit counts towards graduation, but Ohio State does not offer a specific equivalent
course. Special credit may or may not count for a particular college requirement.

**General credit** is awarded when a specific course equivalency is possible but could not be readily determined by the admissions office. The degree-granting unit (Social Work) will refer you to individual departments for a transfer credit evaluation in order to determine the applicability of special or general credit towards degree requirements. For more information follow this link: Departmental Transfer Credit Coordinators.

Deferred credit designates course work for which you have not yet been awarded transfer credit. For a determination about whether credit will be awarded for the course, you should follow this link: Departmental Transfer Credit Coordinators.

If you are planning to take classes at other institutions while you are an Ohio State student, you need to have the credit evaluated prior to taking those courses in order to have them applied to your Ohio State degree. When you transfer classes, you receive the credit hours only; the grades you received at the other institution do not transfer to affect your GPA at Ohio State. Usually, in order for the credit to transfer, you must receive a C- or better at the other institution. (However, there are exceptions to this rule, and we recommend you consult with an academic advisor.) Transcripts need to be sent to Ohio State’s Admissions Office, not to your college office. This credit will take a few weeks to be posted to your record.

**Dean’s List**

Students completing a minimum of 12 graded credit hours with a GPA (point-hour ratio) of 3.5 or higher for any given semester will be named to the Dean’s List for that semester in the college in which they are enrolled. Courses graded satisfactory/unsatisfactory (S/U) or pass/non-pass (PA/NP) do not count toward the minimum of 12 graded hours, and a grade of U or NP will disqualify you from making the Dean’s List even if you meet the numerical criteria.

**Graduation Honors**

Eligibility for any graduation honor requires a cumulative GPA (point-hour ratio) based on completion of at least 60 graded hours (including courses graded S/U) while enrolled at Ohio State. No EM (credit by examination) credit hours or credit hours taken on a pass/non-pass basis are counted as part of these 60 hours. All courses taken at the university will be used in calculating the cumulative point-hour ratio to determine graduation with honors.

The degrees cum laude, magna cum laude, and summa cum laude are awarded to those graduates of the College of Social Work who meet the following cumulative point-hour ratio and at least 60 graded of hours of course work:

- **Cum laude:** A cumulative point-hour ratio of 3.5 to 3.69
- **Magna cum laude:** A cumulative point-hour ratio of 3.7 to 3.89
- **Summa cum laude:** A minimum 3.9 cumulative point-hour ratio
- **With Honors Research Distinction in Social Work:** Each student who graduates with a minimum 3.4 CPHR and completes the Social Work Honors Program at Ohio State will
receive the *with honors research distinction in social work* designation on the diploma and transcript.

**Graduate Credit for Undergraduate Students (Senior Petition)**

Undergraduate senior students (Rank 4) with potential for graduate level studies may petition to take up to 9 hours of certain courses for graduate credit provided that:

1. The credit for the course is not needed to meet their baccalaureate degree requirements.
2. Their cumulative point-hour ratio is 3.3 or above.
3. They secure permission before registering for the courses from:
   a. the BSSW Academic Advisor
   b. the instructor in charge of the course
   c. the Director of Undergraduate Studies (BSSW)
   d. the Graduate School
4. They are working on a first baccalaureate degree.
5. The course is offered for graduate credit.

The senior petition form for obtaining the necessary approvals is available online ([Senior Petition Form](#)) and in the Advising Office. NOTE: The Graduate School will not approve petitions submitted after the first day of classes, so you must plan ahead if you want to take advantage of this option.

**Petitions and Appeals**

All college students have the right to petition to have college requirements modified or decisions reconsidered. Each student’s case is unique; the process exists precisely because individual circumstances vary and no rule can always cover every contingency that may arise.

**The College of Social Work will consider petitions on such matters as:**

- applications of general or special transfer credit to the General Education Curriculum, Social Work Major and Elective Courses
- permission to take a course overload
- retroactive course drops and add
- withdrawal from the university after the tenth Friday
- reinstatement after academic dismissal

You should make an appointment with your Social Work advisor to discuss your petition. Frequently during such a discussion, you will be asked to present supporting documentation for the petition. The documentation may include (but is not limited to) statements from instructors, health officials, or employers. It is often necessary for a student to present written documentation when a hardship is claimed due to an illness or death in the family. The completed petition may be acted on by an advisor or by a college administrator, depending on the issue at hand. You may consult with your advisor regarding the action taken on your petition. Or, you may appeal the decision to the college administrator or dean. Appeals are
generally made in person and based on additional evidence. All petitions are reviewed thoroughly and fairly. By definition, all petitions are special requests, and routine approval should not be assumed.

**Good Academic Standing**

The following conditions must be met to be considered in good academic standing in the College of Social Work:

1. A semester point-hour ratio (SPHR) of 2.0 or above in all courses taken each semester at OSU
2. A cumulative point-hour ratio (CPHR) of 2.0 or above in all courses taken at OSU
3. A cumulative point-hour ratio of 2.0 or above in all Social Work Major and Elective courses taken at OSU (MPHR)*
4. A “C” or better grade in all Social Work Major and Elective courses.

*MPHR= All Social Work major and elective courses, excluding SWK 1100, 1120, 1130 and 1140.

**Academic Difficulty**

If your cumulative, semester, and/or major point-hour ratio falls below a 2.0, you are considered to be in academic difficulty. This can lead to university academic probation, special action probation, or even dismissal. If you feel that you are in academic difficulty (even if your cumulative point-hour ratio is above a 2.0), you should see your academic advisor as soon as possible to discuss the issues that may be affecting your academic performance and for advice on how to get back on track. It is your responsibility as a student to know your academic status.

**Deficiency Points**

Deficiency points are a way to measure the extent of a student’s academic difficulty. If your CPHR is below 2.0, deficiency points are the number of additional grade points you would need to have earned a 2.0. You can calculate your deficiency points by multiplying your cumulative hours by 2 (the point value of a grade of C) and subtracting from that product your actual number of cumulative points. (Click here for more information: Deficiency Points).

**Academic Probation**

You will be placed on academic probation when your cumulative grade point average is below a 2.0. You will receive an e-mail informing you of your status and specifying the conditions of probation, including the minimum grade point average you must achieve in the following semester to avoid academic dismissal from Ohio State. You should consult with an academic advisor to address this issue.
Special Action Probation

Students who met one or more of the following conditions will be placed on Special Action Probation (SAP):

- Less than a 2.0 semester point-hour ratio (SPHR)
- Less than a 2.0 cumulative point-hour ratio (CPHR) and less than 15 deficiency points
- Less than a 2.0 cumulative point-hour ratio in all Social Work Major and Elective courses (MPHR)
- A grade of “I” or “U” in SWK 4189

Academic Dismissal

Any student in academic difficulty is at risk of being dismissed from the university or college. There is no particular cumulative point-hour ratio or number of deficiency points that warrants a dismissal. These decisions are made on a case-by-case basis and given serious thought. You are a likely candidate for dismissal from Ohio State if you are on academic probation and continue to accumulate deficiency points. You are a likely candidate for dismissal from the College of Social Work if you do not meet the terms of your Special Action Probation. Dismissed students will be notified of their status by e-mail.

Reinstatement Following Academic Dismissal

After being academically dismissed from the university or the college, students can petition for reinstatement to the university or college after two semesters. Reinstatement is not guaranteed, and simple desire to return is not sufficient support for a petition. Petitioning students need to prove they are now ready to succeed if they are allowed to return to the university or college.

If you have been dismissed from Ohio State, it is advisable to take academic course work at another institution to demonstrate that you are capable of succeeding in high-quality college-level work. See the academic advisor if you are interested in attending another institution to help guide your course decisions for transfer back to Ohio State.

Students who have a cumulative point-hour ratio under 2.0 or who have been dismissed from the university may want to petition to use Fresh Start, if applicable. This will eliminate any deficiency points that you may have earned previously and will let you start at Ohio State with a new cumulative point-hour ratio (0.0).

Students who are reinstated to OSU and/or to the College of Social Work will be reinstated on Special Action Probation or Academic Probation, depending upon their cumulative point-hour ratio and number of deficiency points.

Family Education Rights and Privacy Act of 1974, (FERPA) as amended

Ohio State’s policies and procedures regarding FERPA can be found here: FERPA.
creates certain problems for seniors and for all students who may be subjects of news stories. The College cannot release names and addresses or certain other data without prior student permission. We also cannot send credentials to prospective employers without a written request or permission.

**Authorization for Release of Information**

Students who have invoked their FERPA right and want to authorize release of information by faculty/staff members (for letters of recommendation, news releases, job references, etc.) should complete a “Consent for Release of Education Records” authorization form. If you have questions about FERPA or completing release forms, consult the Advising Office.

**“Directory Information” Release (Y/N) on the Student Data Base**

Students should be aware that a “No” will restrict release of “directory information” (name, address, email address, etc.) to anyone other than University faculty/staff (including you) and cannot be published in the OSU Student Directory. Consult the Advising Office if you have questions about release of directory information.

**Address Changes**

Students should update his/her street address at [Buckeye Link](#) in the “Student Center.”

**Course Evaluation**

It is University and College of Social Work policy that students be provided the opportunity to complete a written evaluation of every course and instructor taken. An instructor should provide this opportunity at the end of a given semester.

Faculty use the Student Evaluation of Instruction (SEI) as part of the annual faculty evaluations. Decisions about annual faculty salary merit increases and salary increases for excellence are influenced significantly by student evaluations of teaching. Decisions about promotion and tenure, also, are significantly influenced by the cumulative record of student evaluations of teachers’ performance.

**Grievance Procedures**

A student who has a grievance with someone in the department should first attempt to resolve the grievance with that person. If that is not satisfactory, the student should take the grievance through the appropriate channels. The first contact will be with the departmental Academic Advisor, then the BSSW director, and then the Dean of the College of Social Work. If the student believes there has been a procedural error in determining a course grade, a formal grade grievance procedure, based on Faculty Rule 3335-7-23 can be initiated.

**Grading and Grade Changes**

Grades are subject to change only when a procedural error has been discovered in evaluation
or recording of a grade. Action to change a grade must be initiated before the end of the second succeeding semester. In no case will a grade be revised in accordance with criteria other than those applied to all students in the class.

If a student believes that a procedural error in grading was made, the student should meet with the instructor. If the instructor does not agree that a procedural error was made, the student may meet with the program director to discuss the grade grievance. The program director shall respond to the student no later than thirty days after the student has requested a review by the director. If the issue is not resolved to the satisfaction of the student, the student may within two weeks submit the grading complaint in writing to the Associate Dean of the College of Social Work.

If the dispute remains unresolved and only if the basis of the grievance is a procedural error the Associate Dean of the College of Social Work shall appoint the undergraduate program committee to consult with both the student and the instructor and determine the validity of the grade grievance due to grading procedures. The program committee shall make its findings known in writing to both the student and the instructor within thirty days of the student’s request to the chair.

If not, they may be able to recommend reliable tutors. Many departments have their own organized system for free tutoring. If you wish to hire a private tutor, ask for recommendations from your instructors, the course departments, and other students. You will also see many ads for tutors around campus and in the Lantern. Check with a few tutors to compare prices and services.

Federal Work-Study Program

The Federal Work-Study Program is a need-based program which provides jobs for undergraduate and graduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to your course of study.

Since research indicates that many college students successfully carry a normal academic course load of 12 to 18 credit hours per term while working on a part-time basis, Federal Work-Study is a useful option for many students. Many students find it necessary and desirable to work part-time. They may find that they are better able to manage their time as they fit their work schedule into classes, studying, and personal commitments.

Additionally, your FWS earnings will not be counted against your eligibility on next year's FAFSA. When completing your FAFSA, you should indicate your FWS earnings on the appropriate line so they can be excluded from your earned income. FWS wages are, however, taxable by the IRS.

To search for work-study positions, click here.

Additionally, they articulate a need by social service workers for practice and theory that responds to progressive concerns. The alliance is coordinated by a national steering committee. The local chapter determines their own agenda providing forums for discussions and debates as well as stimulating activism around local, national, and international issues.

The membership composition of the Undergraduate Studies Program Committee shall include: three elected members of the faculty, the Director of the Undergraduate Studies Program (Chair), the undergraduate academic advisors, one undergraduate student, the Director of Field Education, and a community agency representative.

**Graduation Information**

**Graduation Requirements**

The following requirements must be fulfilled to complete the curriculum leading to the Bachelor of Science in Social Work degree:

- The University General Education Requirements
  - The complete list of courses approved for Social Work students is available in this handbook and in the Social Work Advising Office.
- A minimum of 120 credit hours, including all Social Work major and elective courses
  - Remedial, conditional, or repeated courses (e.g., repeated “D’s”) do not count toward the degree.
- Students are required to have a cumulative point-hour ratio of a 2.00 or higher on all work taken at this University and a 2.0 cumulative major point-hour ratio.
- At least one half of the credit hours in the major must be credit from completed Ohio State University coursework.

**Graduation Application**

1. Columbus campus social work students do not have to submit an application for graduation. Leading to graduation, students who have successfully completed their Junior Year classes and are enrolled in Social Work 4188/4189 will receive an e-mail from their academic advisor with a degree audit to indicate what requirements are left to complete their degree. This e-mail will be sent to the student’s OSU e-mail no later than the start of the semester prior to the student’s expected graduation term. For example, if the student’s anticipated graduation is spring semester then they will receive an e-mail from their advisor no later than the start of autumn semester. Students are responsible to review their degree audit and schedule the appropriate classes so that they remain on track for graduation. If students have any questions regarding classes or
progress made toward their degree, it is important to contact their academic advisor as soon as possible.

Lima, Mansfield, Marion and Newark students should contact their advisor regarding the graduation application process.

2. If you will be graduating with a minor, please be aware that some minors require a signed minor form. Go to http://artsandsciences.osu.edu/academics/programs to find the rules governing your minor. If a signed form is required, see your minor advisor and bring this form to your social work academic advisor. All students graduating with a minor and using the minor in place of social work electives should work closely with their social work academic advisor. Minor courses need to be manually uploaded into your degree audit by your academic advisor, so clear and consistent communication each semester about your minor course being used as a social work elective must meet the C or higher standard for social work.

3. If students need to make any adjustments to their name, all changes must be made by the University Registrar.

4. In order for a student to receive Latin honor designation and receive honors cords, the following requirements must be met according to university rules:
   a. A cumulative grade point average of 3.50 or above
   b. 60 or more Ohio State earned hours

5. Any student using transfer credit toward her/his degree needs to have the credit transferred no later than Friday of finals week of the semester in which they plan to graduate.

6. Graduation instructions with student line numbers are emailed toward the end of the semester in which students plan to graduate.

7. If a student does not plan to attend commencement an absentee form must be filled out by the 10th week of the semester in which they plan to graduate. (See Social Work Advising Office for form)
