*"ENRICHING LIFE"*

## It's more than a slogan...

It's what we do.

Heartland provides physical, emotional, and spiritual support for our patients and their caregivers.

The mission of Heartland Hospice is to enrich the quality of life for our patients.

## Volunteers are the Heart of Heartland.

Our volunteers are a vital piece of the care we provide to our patients.

Our extended service provides 24/7 on-call nurse coverage, nurse's aids, medical doctor (if needed), social workers, bereavement counselors, chaplains, specialists such as massage therapists, and volunteers.

We go wherever our patients live and our services are at no cost to our patients or their families.
