The Ohio State University  
College of Social Work

REQUEST FOR UNDERGRADUATE INDIVIDUAL STUDY  
SOCIAL WORK 4193

Individual Study credit is available through the College of Social Work to allow students an opportunity to pursue academic study, independently, in an area of interest not otherwise available through regular course enrollment. An Individual Study should provide advanced specialized study in a given area with the sponsorship of a Social Work faculty member.

Individual study is available for one to three credit hours with the determination of hours subject to approval by the faculty sponsor. All such credit is graded Satisfactory (S) or Unsatisfactory (U) and will not affect a student’s cumulative point-hour ratio. A maximum of 6 semester hours of individual study credit may be applied toward a degree. Please note, only 3 Individual Study credit hours will count toward the required social work electives.

It is the responsibility of the student to structure, design and implement a course of study in conjunction with a faculty sponsor who is willing to undertake such a project. The student should initiate this process with a written proposal in accordance with the guidelines indicated on this form. This project should be designed in accordance with the academic standards of the College and University. All requests must have the approval of the faculty sponsor and the Undergraduate Program Director.

Directions to the Student
1) Complete the information requested on this form.
2) Attach an additional sheet if more space is needed.
3) Obtain the signature of the faculty sponsor.
4) Return this completed form to the Undergraduate Program Director in 308 Stillman Hall.

After your request has been reviewed, you will receive an email notifying you of the Director’s decision.
